# The Warrior Files

For this assignment you will be comparing two historical warriors.

The first one on your list is the Japanese Samurai.

The second one is up to you.

\*\*\*You need to focus on a type of warrior, not a specific individual.

The second warrior I have chosen to study is the \_\_\_\_\_.

## You will need to include the following sections:

- i. Training
  - Outline the training each warrior received.
  - When did they start training? Were there any specific steps?
  - When were they finished?
  - Include other observations.
- ii. Weapons and Military Techniques
  - Describe the main weapons and protective gear.
  - Describe the main military techniques.
  - How was each warrior adapted to the culture and environment from which they come?
  - Include other observations.
- iii. Code of Conduct
  - What were the main elements of the code of conduct for each warrior?
  - What does this tell you about the society from which they come?
  - Include other observations.
- iv. Social Status
  - Where was each warrior positioned in the social structure?
  - Why did they have this position?
  - What does this tell you about the society from which they come?
  - Include other observations.

v. **Research notes – at least 4 sources**

Format you notes the following way:

Title, author and date of source

- Point form notes from the source below

vi. **Works cited – at least 4 sources**

Format:

You have a choice

- 1) A dossier
- 2) A poster

Both must include images as well as explanations.

Sections need to be clearly labelled.
